Celoxis Onboarding Services
The Comprehensive Package

Duration: 30 hours, typically covered in 5 weeks

The Comprehensive Package is designed to ensure new enterprise customers adopt and deploy Celoxis efficaciously in their organization. The package starts with focus on the basics and progresses to train teams on several key aspects with interactive, hands-on virtual sessions. This ensures maximum coverage of resources and the best knowledge transfer for you and your users.

Objectives

1. Accelerating adoption of Celoxis as a practice with the help of interactive, hands-on virtual sessions.
2. Learning by doing - resulting in a deeper understanding and greater retention of the topics covered.
3. Understanding the best practices on setup and configuration.
4. Building a foundation to get optimal value from Celoxis.

Inclusions

1. **Kickoff session** to establish objectives & success criteria, understand your current systems and get familiar with the kinds of projects and project teams you manage.
2. **13 hands-on virtual sessions of two hours** each to get better feel of the application thus resulting in greater retention of the topics covered. We will cover the following modules:

Getting Started & Basic Project Setup	*Project Planning & Tracking*
Administration	*Security*
Project Setup - Advanced	*Project Planning & Tracking - Advanced*
Team Collaboration	*Time & Expense*
Resource Management	*Reporting*
Celoxis Apps	*Celoxis Apps - Advanced*
Project Financials and Portfolio Management	

In these sessions, our expert will demonstrate certain scenarios and then all trainees will login to their respective Celoxis accounts and will perform the same scenarios as shown by our expert. Logins for these hands-on sessions will be provided by the

expert at the beginning of each session. Celoxis experts will be available to address any queries teams might have during the hands-on sessions.

3. **4 Q&A sessions of one hour each** to address specific queries, training topics and/or product configuration.
4. Focussed training plan so that different user groups can plan their other work schedules appropriately:
   a. Week 1 - Managers & Administrators
   a. Week 2 - Managers
   b. Week 3 - Managers & Team members
   c. Week 4 - Managers
   d. Week 5 - Managers & Administrators

Roll-out plan
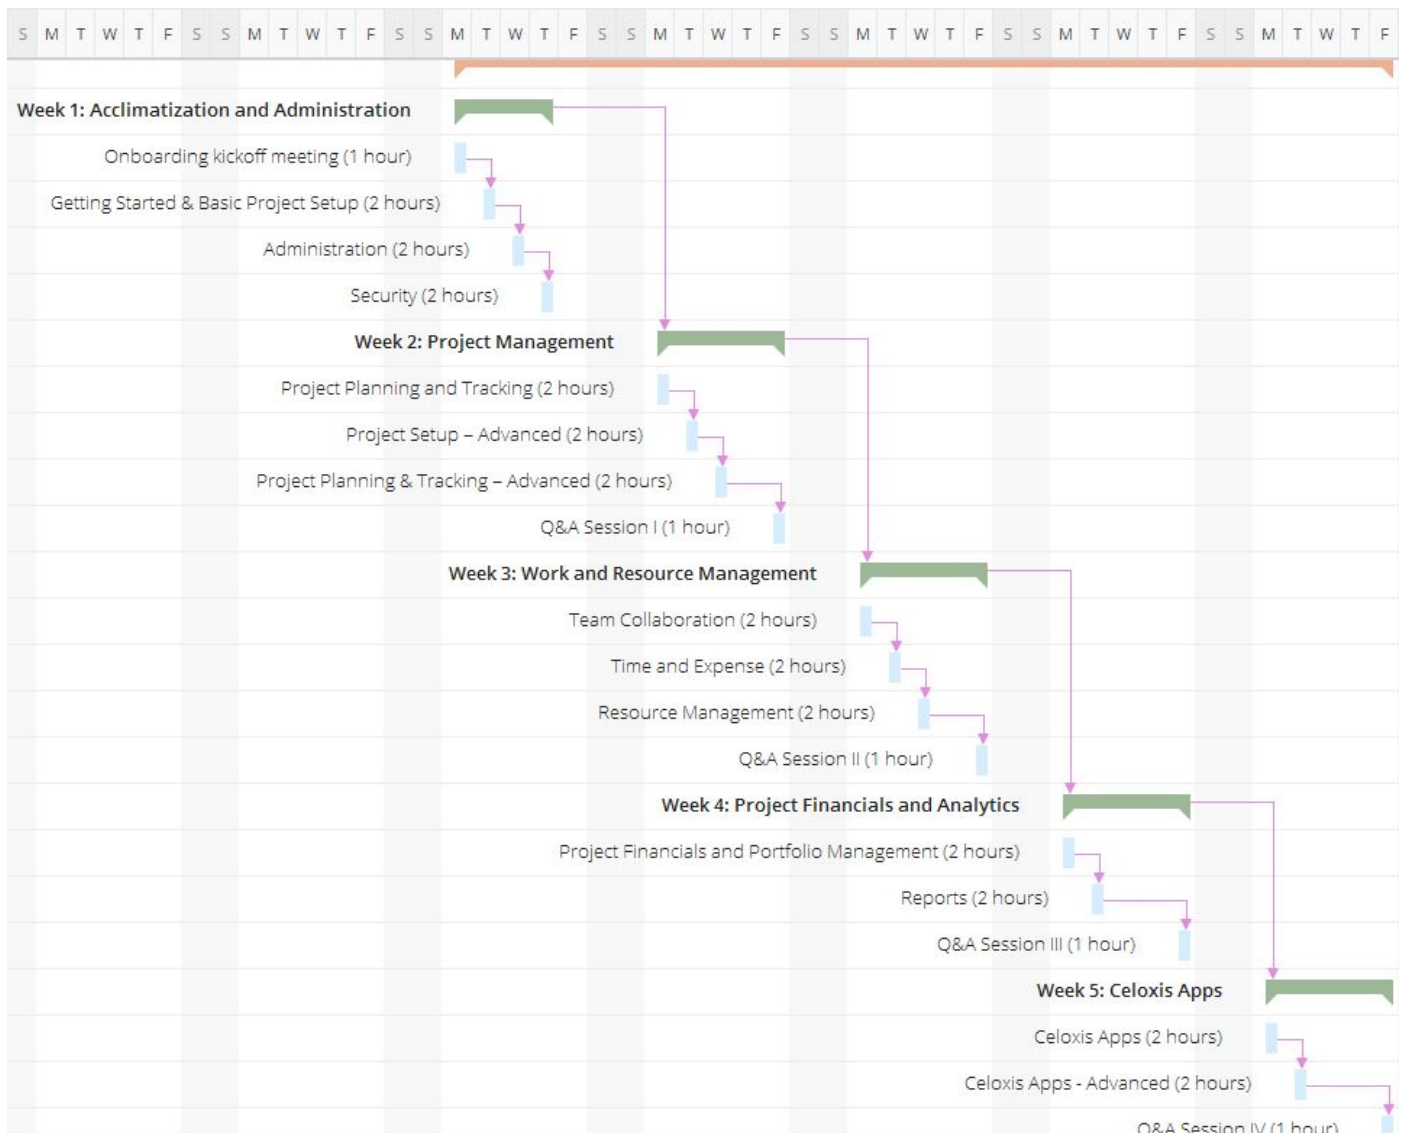

Cost

Duration	Hours	Cost(USD)
